CERTIFICATE OF ACCREDITATION

RIGID GLOBAL BUILDINGS

18933 ALDINE WESTFIELD
HOUSTON, TEXAS 77073

Inspection Program for Manufacture of Metal Building Systems MB-221

has demonstrated that its in-plant inspection program for Part A – Fabrication of Structural Weldment and Cold-formed Products Requiring Welding, Part B – Fabrication of Cold-formed Products Not Requiring Welding, and Part C – Design of Metal Building Systems is in compliance with the International Accreditation Service, Inc. **Accreditation Criteria for Inspection Programs for Manufacturers of Metal Building Systems (AC472)** and is recognized under Section 1704.2.5.1 of the 2015 International Building Code ®, Section 1704.2.5.2 of the 2012 International Building Code ®, and Section 1704.2.2 of earlier code editions.

The inspection program covered under this certificate is conducted in accordance with the fabricator's management system manual which outlines the detailed fabrication and quality control procedures. Periodic plant inspections are conducted to monitor the fabricator's management system verifying continual compliance with the requirements as listed in the above scope of accreditation. Accreditation is limited to the specified inspections related to the fabrication process and procedures only. Accreditation does not cover the product or the specific design or performance characteristic of the fabricated products. The approved inspection agency for this facility is Farabaugh Engineering and Testing Inc. (AA-715).

This certificate is effective January 1, 2016 and valid up to December 31, 2016

This accreditation certificate supersedes any IAS accreditation bearing an earlier effective date. The certificate becomes invalid upon suspension, cancellation or revocation of accreditation.

See <http://iasonline.org/More/search.html> for current accreditation information, or contact IAS at 562-364-8201
