Prices subject to change without notice.

Rigid Global Buildings is one of the leading pre-engineered metal building manufacturers in the industry today! Founded in Houston, Texas in 1990, Rigid has made a name for itself by offering quality metal buildings at competitive pricing.

Our Stack Buildings are the highest quality and most affordable metal buildings we offer. We have designed the program to meet the needs of our customers. If your project requires custom sizes or features let us know - we have a solution for all building sizes.

Our Stack Building pricing* is direct from the manufacturer and includes the following features:

- All primaries are red oxide built-up members with welded clips
- Bearing frame on left endwall and expandable frame on right endwall
- All secondaries are red oxide, purlins, girts and eave struts
- Spectralite 2000 26 ga. PBR Wall Panel
- 26 ga. Galvalume PBR Roof Panel
- Spectralite 2000 26 ga. trims, sculptured gutter and corrugated downspouts
- 1 Framed Opening
- Gutters and Downspouts
- **Anchor bolt Drawings in 1 week**

Additional features and accessories may be added including walk doors, roll up doors, windows, etc.

Backed by the quality manufacturing of Rigid Global Buildings, our Stack Buildings are designed with the customer in mind offering **IBC 2012, 140 mph Ultimate Wind Speed, Exposure C, Seismic Design Category 5 and fast delivery!**
